

## Data Sales

DWA has a network of websites from which we compile our leads. In addition to what we generate through these sites we partner with Affiliate Networks and specialized media partners to place targeted ads across the web. Your lead/data will have responded to an ad about a home business, health insurance, mortgage refinance, travel, etc. While filling out the form, they elected to opt in to receive more information. In general, we may collect personal information from recipients of our marketing campaigns and visitors to our web site when they voluntarily provide it to us by (1) completing our registration form or a survey, (2) registering for a contest or sweepstakes, (3) electing to use one of our services, or (4) contacting us (including our webmaster, customer service representatives, or other employees) by email. DWA may also collect information about consumers to whom we direct our marketing campaigns from our marketing part-
